

Ayurbliss, LLC
Integrative Physical Therapy

Information Regarding Direct Access to Physical Therapy

You are receiving physical therapy treatment services by a licensed physical therapist in the State of California without a referral from a physician.

Under California Law you may continue to receive physical therapy treatment without a referral for a period of up to 45 calendar days or 12 visits, whichever occurs first. After the initial period, a physical therapist may continue providing you with physical therapy treatment services only after receiving, from a licensed physician, surgeon, or podiatrist acting within his or her scope of practice, a dated signature indicating approval of the physical therapist's plan of care. The patient must have an in person examination and evaluation conducted by the physician, surgeon or podiatrist. This is in accordance with state law, is not subject to variability under your insurance plan, and is not guarantee of benefit.

Treatment will begin on: _____
